COMMUNITY CENTER RENOVATION SCHEDULE SET

Big changes are in store for the Portland Community Center. Opened in 1995, this is the first full-scale renovation for the multi-use center. Improvements include restoration of the interior spaces, including replacing wall coverings, flooring, bathroom renovations, gymnasium flooring, additional audio-visual equipment, and upgraded fitness areas. The redesigned center will boast a ballroom nearly double the size of the current one, with provisions to divide the space into smaller meeting and special function rooms.

The \$15 million renovation is planned in phases to allow residents to continue to use the building as much as possible during construction. Site work around the Community Center has already begun in preparation for a new front entrance and expansion of the ballroom. The Community Center staff will continue to take bookings and schedule meetings and special events through March 2019.

COMMUNITY CENTER...continued

Portland event on Dec. 8, the fitness side of the facility will be closed. For residents with fitness memberships, there will be a small cardio room set up for use during construction. During this time, member fees will be waived, and the drop-in rate will be reduced to \$2. Yoga, SilverSneakers, Tippiie Toes, and ballet programs will continue through March. The fitness side of the building is tentatively scheduled to re-open by late spring or early summer 2019.

The ballroom and meeting spaces are anticipated to close in late spring 2019. The expansion is expected to be complete by December 2019, in time for next year's Christmas in Portland event.

KEEPING TRASH LIQUID OFF STREETS

The City has received complaints about the liquid that leaks from Republic Services' vehicles and falls onto the street, creating a smelly nuisance. It's a common complaint in cities that have a trash or recycle service.

According to a Republic Services representative, the issue is caused by too many people throwing away liquid products in their trash and recycle carts. The trucks are sealed but are not watertight, so liquid in the garbage ends up in the bottom of the trucks and spills into the street. Republic Services has the trucks making more frequent trips to the landfill to help combat the issue and because of the heavier weight caused by the liquids. He encouraged residents to empty liquids out of jars, cans, or other containers before disposing of them, and by keeping the lids closed on trash and recycling carts to keep rain out. The less liquid that makes it into trash and recycle carts, the less trash liquid there is to leak onto Portland's streets.

THANKSGIVING HOLIDAY SCHEDULE

City offices will be closed Thursday and Friday, Nov. 22-23, for the Thanksgiving holidays. The Bell/Whittington Library will be closed Thursday, Nov 22-Saturday, Nov. 24. The Portland Community Center, Aquatic Center, and the Senior Center will be closed Nov. 22-23. The Community Center will resume regular hours on Saturday, Nov. 24.

The Thursday trash/recycle collection for Nov. 22 (Thanksgiving Day) will be rescheduled to Saturday, Nov. 24.
