A permit becomes null and void if work or construction authorized is not commenced within 180 days, or if construction or work is suspended or abandoned for a period of 180 days at any time after work is commenced. Separate permits are required for electrical, plumbing, and heating/air condition. All permits require a final inspection. Refer to permit for appropriate scheduling information.

A Certificate of Occupancy must be issued BEFORE the residence is occupied. Foundation Certificate, WPI-2/8, Termite Report, and Elevation Certificate (if required) are required before the certificate will be issued.

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.
